

BLIMP ON TRIAL
FLIGHT WITH NEW
AMERICAN MOTOR

Italian Engines Recently Re-
placed; Trans-U. S. Trip
Plans Spoiled

WASHINGTON, Feb. 21.—The airship Roma, it was said at the War Department, was engaged in trial flights after recent installation of Liberty motors to replace the Italian engines with which the ship originally was equipped.

When the Roma made the flight from Langley field to Washington last year to be christened and formally commissioned in the army air service, the Italian motors gave trouble and it was decided to replace them.

The Roma originally was built for a passenger ship and carried several passenger cabins. She was altered when she was brought from Italy on shipboard and reassembled at Langley field, so that she had but one passenger cabin.

Tentative plans were made recently by the air service for operation of the ship this spring and summer on a commercial trip run between New York and Chicago and later for a transatlantic flight.

On her trip from Langley field to Washington the Roma carried more than fifty persons, including crew and passengers. Her capacity was fixed at approximately 60 persons.

Secretaries Weeks and Denby and the Italian ambassador who participated in the christening ceremonies were to have made a trial flight on the ship, but a rising wind and dis- albed motors made this impossible. The ship limped back to Langley with only two of her six motors operating and barely escaped damage in a gale that arose just as she made her landing at the southern field.

Denby Given Brief
Report on Tragedy

WASHINGTON, Feb. 21.—The Navy Department was notified of the disaster in the following telegram from the naval authorities at Norfolk:

"Army dirigible Roma caught fire and fell to ground near army base, Norfolk, about 2:10 p. m. Thirty persons reported dead out of 59 aboard."

Roma Disaster Third
In Thirteen Months

NEW YORK, Feb. 21.—The dirigible Roma, which blew up today over Hampton Roads, was the third big airship to be destroyed in a spectacular mishap in the past 13 months.

On August 24, 1921, the ZR-2, built by the British for purchase by the United States at a cost of \$2,000,000, exploded over Hull, England, killing 47, including 16 Americans.

On January 1, 1921, the R-34, which flew from England to Long Island and back in the summer of 1919, the first air ship to cross the Atlantic, was wrecked in a gale while tethered outside her airframe in Howden, England.

Young Engineer Is
Entertained at Party

The approaching departure of Lieutenant George Peck, of the R. O. T. C. of Technical High school, for Alaska, where he is to take up an engineering career, was the motif last Saturday evening for a surprise party at the home of Miss Adrienne Adams, sponsor of Company "A" of the high school military organization. Peck recently completed a civil engineering course at Technical High school.

The surprise party was devoted principally to dancing. Those present included: Estelle Perry, Bonny Ballantyne, Burdette Spencer, Verna Nice, Charlotte Klinkner, Uriel Klinkner, Adrienne Adams, Messrs. George Pope, Robert Frembling, Fremont Frembling, Bert Coffin, Andrew Perry, George Peck and Harold West.

Dirigible Roma Destroyed
By Explosion; Many Dead

(Continued from Page 1.)

from the burning wreckage prevented rescue of the survivors.

Eye-witnesses said the Roma was flying at a height of from 600 to 1000 feet when she was seen to be in trouble. A thin wisp of smoke appeared and the craft started downward obliquely.

Before striking the barracks building a number of men were seen to leap, some with parachutes and some without.

Some of those removed from the wreckage were badly burned, but others escaped virtually without injury.

Other officials at Langley Field said there were 21 men in the official crew of the airship, and 30 or 40 passengers and enlisted men aboard.

One man was seen by the observers at the Standard Oil company plant at Sewell's Point to jump from the ship while she still was several hundred feet in the air.

Fourteen men, according to other observers at Portsmouth, were seen to leap from the ship as it became airborne and returned to Washington, where the ship was christened.

The Italian engines refused to function properly in cold weather and were taken out in December and Liberty motors were installed.

The disaster to the Roma is the second that has overtaken an air cruiser built for the United States by a foreign government within six months.

The ZR-2, built for this country by Great Britain, blew up over Hull, England, with a loss of sixty-two lives, on August 25, 1921.

At the time of the ZR-2 disaster the Roma was still in course of construction.

Both the Roma and the ZR-2 were outgrowths of the German Zeppelin type of airship. The Roma, however, was much smaller than the ZR-2. Its gas volume was 1,200,000 cubic feet, while that of the ZR-2 was 2,750,000 cubic feet.

The explosion of the Roma was caused by the bag striking electric wires over the army base. While cruising low the rudder became entangled in the wires, carrying 2500 volts, and the giant bag ignited.

A deafening explosion followed and the ship plunged to earth.

The Roma, queen of the American army's dirigibles, was one of the largest craft of its kind in the world. It was the greatest dirigible in this country.

The big ship, only recently christened here with elaborate ceremonies, was made for the United States in Italy. It was assembled at Langley Field, Va. On its recent flight to Washington for the christening ceremonies some difficulties with the engines were encountered.

The big ship did not seem to weather strong winds very well and some fears for its stability were expressed.

The dirigible was constructed at Ciampino, Italy, and was the work of these Italian balloon experts: Uselli, Nibille, Frassone and Colonel Crocco.

The rudder broke as it circled over the army base and the bag descended slowly to earth. As its nose plowed into the ground, a tremendous explosion shook the frame and the bag was enveloped in flames.

The huge airship was making a series of test flights. It had been planned to take it on a tour of the whole United States.

An attempt was to have been made by the Roma to smash the world's record for speed with a dirigible.

EXPECTED TO MAKE 90 MILES AN HOUR.

Langley field officers confidently expected the ship to make 90 miles an hour on the trip. The accident took place two hours after the ship left her hangar at Langley Field.

The roma had just been emptied of helium gas, which is non-explosive and non-inflammable.

The ship contained all of the helium in the country, naval authorities ordered it taken from the bag and stored. Ordinary field gas, used for balloon inflation, was substituted. The operation of changing gases was completed Saturday.

closures are made in the air ministry's report into the R-38 disaster at Hull last summer, said the air correspondent of the Evening Star in an article today. The R-38, re-named the ZR-2, when it was purchased by the United States from the military government, passed over Hull while in a test trip with the loss of more than 40 lives, including nearly a score of Americans.

The correspondent, who says no decision has been reached in regard to making public the report, asserts that much of the air ministry's inquiry will be found to contain findings to all intents and purposes diametrically opposed to those of the naval airship experts, and he adds "the whole system under which the ship was constructed is strongly condemned."

Referring to the finding of the preliminary court of inquiry the correspondent says:

"It was suggested that bad design in the casing and weakness in the framework, which was unable to stand the strain of full flight, led to the disaster. This point is stressed in a further and detailed report which is still being made by the chiefs of the air ministry."

Victims Trained
At Ross Field

PASADENA, Feb. 21.—Major J. D. Reardon, C. H. Welch and Sergeant Peck, named as being treated at the army base hospital at Langley Field, following the explosion of the Roma, left here recently from Ross Field training school to complete their studies at Langley Field. Officers at the Arcadia balloon station are anxiously awaiting the list of dead, as it is believed a large contingent of those that have gone east from here may be numbered among the fatalities.

Vertical Controls
Break, Says Officer

WASHINGTON, Feb. 21.—The accident to the Roma occurred when the vertical controls were carried away, Captain Doyle of the naval air station at Hampton Roads said today in a telephone conversation.

Today with Rear Admiral Moffett at the Navy Department. This, he said, caused the dirigible to dive nose first and in its descent it struck a high tension electric wire, causing the airship to catch fire.

Shotgun Prevents
Plot to Kidnap
Banker Lindeberg

(Continued from Page 1.)

tendant did not leave his bed, and was released on \$1000 bonds, following the service of the writ of habeas corpus, which was made returnable before Superior Judge Louderback on Thursday.

Previous attempts to arrest Lindeberg similarly have been frustrated by decision of the court.

SALE OF WORTHLESS STOCK IS CHARGED.
BY UNITED PRESS
LEASSED WIRE TO TRIBUNE.

TACOMA, Wash., Feb. 21.—Jafet Lindeberg and four other former directors of the Scandinavian American Bank of Tacoma, including Ole Larson, president of the now defunct bank, are charged in superior court here with conspiracy to defraud the depositors and holders of the bonds by offering for sale and selling \$800,000 worth of stock in the bank when they knew that the institution was insolvent.

"Some day we will get Lindeberg into this state and try him," said Prosecuting Attorney Seiden. "If California protects him now, it will provide fuel for the radical fires, for already it is being openly charged by many that Lindeberg is escaping trial because of his great wealth, while two of his luckless associates have been given prison terms."

Mrs. Sarah F. Saph
Dies in Berkeley

BERKELEY, Feb. 21.—Mrs. Sarah Frances Saph, 46 years old, widow of Dr. A. V. Saph, former University of California faculty member and for many years chief engineer of the San Francisco harbor board, died today at her home, 2330 Durant avenue. She was a native of California and had resided in Berkeley for 33 years. She leaves four children: V. Saph, Jr., and William Saph, both of Berkeley, and two daughters, Miss Frances and Helen Saph. Funeral arrangements will be made later.

Another death today was that of Mrs. Anna Marie Osterkamp, wife of William Osterkamp, 1125 Delaware street. She had resided in California 35 years and in Berkeley 12 years. Besides the husband she leaves three children. The funeral will be held from the family home tomorrow afternoon at 1:30 o'clock.

Colored People to
Hold Mardi Gras

A Mardi Gras ball will be given at the Municipal Auditorium on Tuesday evening, February 28, to raise a fund to incorporate the Louisiana Commercial Association, a local organization of colored people. The ball will be given under the direction of the association and will be a miniature of the big Mardi Gras celebration held in New Orleans. The purpose of incorporating the association is to place it on a foundation that will enable it to function for the benefit of the children of its members, from year to year, and enter into the commercial world to make their own way.

WOODMEN INITIATE.
RICHMOND, Feb. 21.—Log Cabin Camp No. 437, Woodmen of the World, initiated one member and received two applicants last night. There will be a big class initiation at the local camp March 11, when the drill team from Wedgewood Camp, Berkeley, accompanied by a band of the camp, will come to Richmond. Supper will be served after the ceremony with the following in charge: H. B. Hollenbaugh, chairman, assisted by A. Volonia and George B. Black.

BROLASKI OFFER
TO EXPOSE BOOZE
RING ACCEPTED

Attorney-General Daugherty
Instructs "Master Mind"
to See McCormick

SAN FRANCISCO, Feb. 21.—Harry Brolaski, broker, convicted of a violation of the Volstead prohibition enforcement act, in connection with his activities as a head of an alleged state-wide liquor selling conspiracy, was notified by Attorney General Daugherty today that his offer to expose the activities of the illicit liquor "rings" in the state, had been accepted. He was directed to confer with the chief possible informant, Robert H. McCormick, assistant United States attorney general, in charge of prohibition enforcement prosecutions in the state.

Brolaski was sentenced to serve two years in McNeil's Island penitentiary and to pay a fine of \$1000. His offer to the government followed the affirmation of his conviction and sentence by the United States circuit court of appeals.

Nash Cancels Cage
Games When Pupils
Paint High Shops

The new Fremont High School shops were painted last night. When Fremont educators and students gathered for studies today, their eyes were putragged by the sight of an enormous V. H. S. painted inartistically in orange upon the gray-white wall of the shop, which faces the Foothill Boulevard.

The matter was immediately reported to the school officials. The latter deduced that Vocational High School enthusiasts had perpetrated the deed. It was found that the painting had been done to an expected Vocational-Fremont basketball game today.

Jay Nash, head of the playground department, immediately called off the whole series of games. He and Superintendent Fred Hunter and Principal W. A. Tenney of Vocational held a conference and decided that this was the best way to calm the exuberance of the students.

"The only way to handle it," comments Principal H. D. Brasefield, "if the officials let this go this time, it might invite future acts of similar nature. Now that the names are off, the whole incentive to decorate is gone."

But it is a beautiful V. H. S. that glares on the Fremont shops. Educators say it is "inartistical," but students say it can be seen a long ways.

SNOW IN SIERRAS
NOW DEEPER THAN
IN TWENTY YEARS

Recent Rain Has Been Absorbed; Brings Snow to 19 Feet in Depth.

SACRAMENTO, Feb. 21.—There is now more snow in the Sierras than at any time during the last twenty years, according to a report made yesterday by the meteorologist of the United States weather bureau. In many places, he said, the snow has reached a depth of 19 feet. The heavy rains have melted little of it, but instead the snow has absorbed the rain and by successive freezing has added to its bulk.

The Sacramento river is still rising and measured 24.2 feet at 3 o'clock last night. The Feather and Yuba rivers are rising slowly.

Precipitation for the month had reached 3.36 inches last night. The normal is 3.14 inches.

Western Pacific trains were delayed yesterday afternoon when a cloudburst in the Feather river canyon washed out the track for several hundred yards. It was necessary to transfer passengers on afternoon trains. The repair crews, working from each side of the washout, had the track repaired in time for the night trains to get through on schedule. It was announced from the office here.

FRESNO, Feb. 21.—The state highway near Merced has been flooded by Bear and Black Rascal creeks.

John R. Graham of the California State Automobile Association; R. H. Baker, secretary of the Merced Chamber of Commerce; Frank Pelley, county supervisor, and Sheriff Thomas Mack are cooperating in placing of traffic officers and trucks to aid stalled motorists.

Trustees' Telephone
Bills Are Held Up

ALBANY, Feb. 21.—Mandamus proceedings against City Clerk Winslow Vierra may be expected to become a telephone bill of the five city trustees are paid for the month of January.

Vierra has refused to make out warrants for the bills on the ground that the trustees are not entitled to the use of telephones without charge. The bills were ordered paid at last week's meeting of the board. Last night the trustees discovered that they had not been allowed.

"You'll have to mandamus me before I pay them," Vierra told the board.

"All right, we'll give you one week more in which to make out warrants and if the bills are not paid in full, we'll take steps to see that they are," was the statement of Trustee H. P. Hoyt, concurred in by the remainder of the board.

Owing to the fact that all of the trustees conduct official city business at their homes telephone service has been allowed for some years.

Court Refuses to
Declare Man Dead

FAIRFIELD, Feb. 21.—Judge O'Donnell has refused to have L. O. Brekke, missing heir to an estate in this county, adjudicated a deceased person, holding that the evidence presented is not sufficient to warrant him so doing.

Robert G. Nibbe, of Vallejo, as administrator of the estate of Anna Brekke, deceased, petitioned the court several weeks ago for a declaration adjudicating L. O. Brekke, the father of the deceased, to be dead, and at the same time asking for the distribution of the estate of the deceased to the surviving heirs. Testimony was presented by petitioner and others to the effect that the missing man was last seen by them in 1914 in Seattle and that they have not heard or seen him since. Their testimony was to the effect that they had written to various places and to Washington, his former home, but have been unable to locate him. The estate consists of \$3000 in jewelry, held by County Clerk G. G. Halliday under order of court pending distribution, the deceased having died in China three years ago.

BEAUTY PARLOR ROBBED.

Miss Jeanette Land, proprietor of a beauty parlor at 2327 San Pablo avenue, reported to the police, a revolver and \$15 was stolen. The theft was not discovered until this morning.

Council Will Discuss
Improvement Costs

RICHMOND, Feb. 21.—When told by City Engineer Chapman last night that his estimates on the cost for the improvement of the Macdonald avenue subway could not be reduced, the council decided to meet with the city engineer next Saturday afternoon and go over the figures.

Councilman Lane questioned the estimate of \$21,000 as the cost of the city's portion of the work, saying that he could not see where the money could be spent on exactly a work Lane also said that a number of property owners had protested to him about the high cost of the improvement to the city. L. Epstein thought the agreement a very one-sided affair, since the property owners of the city had to purchase three extra lots and then pay for the improvement, although the street car company had to foot only a portion of the cost of paving.

Change Proposed for
Street Improvement

RICHMOND, Feb. 21.—The city council last night referred the petition of the property owners of the San Pablo Villa tract back to the petitioners, as a change had been made in the proposed work. The council wants to know exactly what is to be done on the tract before ordering the work to proceed. The original plan called for an 18-foot roadway, with sides of seven feet, sidewalks, curbs and gutters. The cost to be about \$5 a front foot.

City Engineer Chapman suggested that the street be narrowed to fourteen feet with four-foot sidewalks put in.

The council last night ordered improvement of McBryde and Lincoln avenues from Twenty-third to Twenty-ninth street with asphaltic concrete pavement and sidewalks and lateral sewers.

Younger Set to
Hold Big Social

SAN LEANDRO, Feb. 21.—Under the auspices of Superintendent W. E. Thorne, the younger set of the Presbyterian church of San Leandro will hold a social Friday night. The affair will be in the nature of a patriotic gathering in honor of Washington's birthday, appropriate recitations and songs being planned. Short talks on the life of Washington will be delivered. Following the entertainment refreshments will be served.

RED CROSS ELECTS HEADS.

SAN LEANDRO, Feb. 21.—Mrs. B. F. Mason was re-elected chairman of the local Red Cross for the ensuing term, at the election of officers held yesterday afternoon at the Lincoln school. A. B. Cary was elected vice-chairman.

BANKS, SCHOOLS CLOSE.

SAN LEANDRO, Feb. 21.—San Leandro banks and school will be closed tomorrow in honor of the memory of George Washington. Many of the business houses will also close for the day.

San Leandro Judge
Fines Four Speeders

SAN LEANDRO, Feb. 21.—From the auspices of an unusually active session of Judge W. J. Gannon's Monday afternoon court for speeders failed to materialize. The fact that Monday, February 13, was declared a holiday in honor of Lincoln's birthday, caused several cases to be carried over to yesterday's session.

Four speeders appeared, while five others failed to put in their appearance. R. B. Isham of Nevada was fined \$16. D. D. Grant, Roy Hadley and Wayne Warner, all of Berkeley, were fined \$10.

THUNDER SHOWER AT U. C.

BERKELEY, Feb. 21.—Unusual weather conditions continue to upset the regular course of affairs at the university. Because of the situation of the campus at the foot of the Berkeley hills, the campus was recently the center of a freak snow storm, and yesterday the college grounds were visited by a thunder shower.

More beans and doughnuts are being consumed in the United States daily.

PRINCESS MARY HAS 'BIG DAY,' TRIES ON DRESS

Last Fitting of Wedding Raiment Made Before Royal Bride Dons Robes.

By EDNA HUBER CURCH, International News Service Staff Correspondent.

LONDON, Feb. 21.—This is Princess Mary's big day before the wedding. That most important duty of all—the trying on of the wedding gown, takes place this morning. If everything is satisfactory it will be the last fitting at the hands of the modiste. The remainder of her trousseau has been in readiness for several days.

The king and queen this afternoon are giving the first of a series of wedding parties, to which everyone who has the slightest claim to distinction in governmental affairs hopes to be invited.

The wedding rehearsal, a pageant which is expected to rival the actual performance in splendor, will take place the latter part of the week.

PROGRAM GIVEN APPROVAL. An elaborate program of special music has been prepared by Sydney Nicholson, organist of Westminster Abbey, for the wedding of Princess Mary and Viscount Lascelles on February 28. The princess has approved it and it is being rehearsed.

It is probable that the gentlemen and boys of the princess's chapel will be included in the abbey choir. Press photographers will be admitted to a royal wedding ceremony for the first time when Princess Mary is married. Hitherto only artists have been permitted to depict the scenes of these great occasions, painting them on canvas.

The bridegroom-to-be has changed his plans, and instead of having his brother for the best man, that office will be filled by Major Sir Victor MacKenzie, bart., D. S. O., M. V. O., Scots Guards.

Forces of soldiers and police will line the route between Buckingham palace and the abbey on Shrove Tuesday—the day of the romantic event.

The "official description" of Princess Mary's magnificent wedding gown was given to the press today.

GOWN IS OF SILVER CLOTH.

It is of silver cloth, marquisette and duchess satin brocade. Thousands of seed and baroque pearls and minute diamonds of silver building were sewed into the cloth, giving it a shimmering appearance of exquisite beauty. The rose, the shamrock, the thistle, the lotus, the wattle, the maple leaf and the tree fern were all cleverly worked into the cloth, representing the various parts of the British empire, which have a flower or a shrub for their symbol.

There is first a straight robe or petticoat of cloth of silver that reaches to the ankles and is cut with square décolletage. The overdress of marquisette is imposed over this. This overdress is of cobwebby fineness and has a "V" shaped décolletage. It falls straight from the shoulders with the heart and diamond roses worked out in relief and makes a beautiful tracery amongst the traceries of the foliage. The sleeves are of three-quarters length.

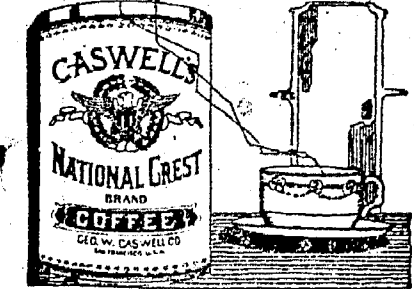

"BROTHERS' NIGHT."

RICHMOND, Feb. 21.—"Brothers' Night" will be celebrated by Contra Costa Temple, No. 113, Pythian Sisters, Saturday night, Feb. 25. Nine men candidates will be initiated, after which the sisters will turn the floor arrangements over to the brothers. G. C. Combs is chairman of the entertainment committee, with Mrs. G. C. Combs chairman of the banquet committee.

Taylor Valet's Story Disproved By Detectives

Statements Regarding Mystery Man Fail to Stand Up Under Probe.

LOS ANGELES, Feb. 21.—(By International News Service.)—Holding tenaciously to the theory that a woman killed William Desmond Taylor, slain film director, Under Sheriff Biscailuz today began questioning numerous witnesses following the discovery of information that pointed to a possible solution of the murder. One of the first witnesses Biscailuz planned to question was a chauffeur who has been twice questioned by District Attorney Woolwine. It was considered possible that the woman who employs the chauffeur will be questioned again.

BY UNITED PRESS LEASED WIRE TO TRIBUNE.

LOS ANGELES, Feb. 21.—Henry Peavey, negro valet of William Desmond Taylor, slain movie director, today faces a new quiz at the hands of authorities who are to check up on information furnished by him concerning another negro named Anderson, for whom Peavey claims to have obtained employment in the household of a friend of Taylor. Anderson, according to Peavey's story, was an old acquaintance in St. Louis, where the two worked and frequented the same club.

Two weeks before the mysterious murder the two met near the Taylor home, Peavey said. Anderson was seeking employment. Peavey helped him obtain a job as servant in the home of one of Taylor's friends. Several days later, according to Peavey, he left, later disappearing from the city after frequenting Peavey's employer's home on numerous occasions.

Investigators communicated with St. Louis authorities, who denied the existence of any such club as Peavey named. They further reported that no negro by the name of Anderson

could be found, even after a careful check on Peavey's information. Interest also centers around a cablegram from London signed "Mabel" found among the dead man's effects. It reads: "Dear Bill: Powder box wonderful. Sick abed. Pleurisy nine days. Feel better. Miss you dreadfully. All love."

It was dated June 26, 1921.

WOMAN MAY BE CALLED FOR NEXT QUESTIONING.

LOS ANGELES, Feb. 21.—(By the International News Service.)—Reports that a woman whose name has been prominent in the case probably will be called to the district attorney's office to be questioned for the second time today marked the investigation of the William Desmond Taylor murder mystery.

Information received since the woman, who was one of Taylor's closest friends, was questioned by District Attorney Woolwine early in the investigation, requires that she be called upon to amplify her statements, it was reported.

Mabel Normand has recovered sufficiently from her illness, brought on by grief over the murder, to begin work on her new picture, "Suanna," according to reports at the Alhambra house where she went into seclusion last week.

Miss Normand's director stated that she would start work on the picture immediately.

Police Nab Pair of Bandits at Border

ALAMEDA, Feb. 21.—Unable to resist the desire for one more sting at the night life, Burnell Knudsen and Ben Jeffreys, wanted for burglary, are in the San Diego county jail, waiting the arrival of Chief of Police William Wahmuth and Detective Bert Conant of the Alameda police. The two men were arrested by the sheriff of San Diego county last night when they stopped across the international boundary, according to word received by Chief Wahmuth today.

Knudsen and Jeffreys are wanted for the attempted robbery of the Lincoln Park Pharmacy, High street and Santa Clara avenue, on the night of January 8.

Two Ordinances Are Passed by Council

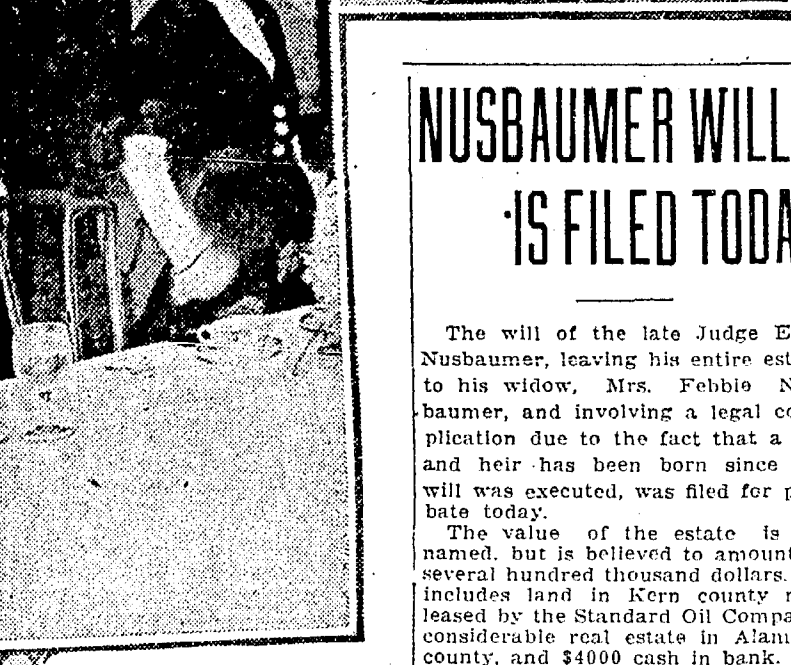

RICHMOND, Feb. 21.—Two ordinances were adopted and a third went to its first reading at last night's session of the council. The garage ordinance provides that all new garages must be at least six feet from the property line, with the exception of corner lots, where they must be at least four feet. Garages fitted with doors that swing out across the sidewalk must be fitted with sliding doors.

The ordinance governing load of trucks on the city's streets is now effective.

The fire escape ordinance had its first reading and will come in for adoption at the next meeting of the board.

Oakland Visit Recalled by Tragedy

Mary Miles Minter and her director, William Desmond Taylor, were entertained at an Oakland Ad Club luncheon in the Hotel Oakland a little more than a year ago. TAYLOR (left) is looking toward MISS MINTER as she starts to deliver her speech. Above—a late pose by Miss Minter.

"Cousin" Emil Flivvers Up to See Mathilde

CHICAGO, Feb. 21.—"Cousin" Emil Burg rattled up to call on his "new relations"—the family of Harold F. McCormick—but didn't get past the front porch.

Emil, cousin of Max Oser, Swiss livery stable proprietor, whose engagement to Mathilde McCormick, 18, has been announced, just wanted to "meet Cousin Mathilde" and welcome her into the family, he said today.

"I didn't bring mamma along with me because she is tied up with the family washing," Emil apologized to reporters when he flivvered up to the McCormick mansion.

He rang the bell. "Put 'er there!" exclaimed Emil, as he extended his hand when the door was opened.

"America knows how to take care of her war heroes."

That was Emil's first mistake. He thought the butler was a war hero because he was dressed like a Balkan general.

"I'm Cousin Emil," he continued. "I came to pay my respects to my new relations. In the old country we always make these calls before the wedding."

Emil waited. "A little paint here and there around this place would go fine," Emil, a decorator, mused. "Maybe Mr. McCormick will give me a job."

The butler brought out the tidings that "Mr. McCormick is not receiving anyone today."

Emil cranked up. "Perhaps another day," he said. "I want 'em to feel welcome in our family. Nothing stuck up about us."

SAN DIEGO, Feb. 21.—Max Oser, riding academy instructor in Zurich, Switzerland, engaged to Mathilde McCormick, 16-year-old granddaughter of John D. Rockefeller, is being misrepresented, according to Adolph Meyer, construction engineer of San Diego and personal acquaintance of Oser's.

"Oser is an educated man, having spent several years in studying history and painting in the university at Zurich, his ambition being that of a historical painter," said Meyer.

POLICE SEEK MAN, 60. BERKELEY, Feb. 21.—The police have been asked to search for John McMahon, 60 years old, who has been missing from his home, 1037 Carlton street, since last Friday. Victor Miki, 1035 Carlton street, alarmed at McMahon's absence, asked the police last night to institute a search for the aged man.

The first model dairy farm in Great Britain was established by Queen Alexandra at Sandringham.

Russian Princess, Refugee, Reaches U. S. as Stowaway

BY ASSOCIATED PRESS LEASED WIRE TO TRIBUNE.

NEW ORLEANS, Feb. 21.—Princess Tschernitschev, a native American and identified with Russian royalty under the Romanoff regime, is in New Orleans, having arrived as a stowaway and stewardess on the steamship Terrandier, which docked here Sunday from Antwerp.

The princess is being detained while government authorities are investigating her case. An examination will be held today to determine whether she shall be allowed to remain in this country without proper passports.

In 1909, while in Germany, she is said to have married Prince Ivan Tschernitschev. Her husband, it was said, recently was put to death by Bolsheviks.

The princess is said to have walked most of the way across Russia and Europe to Antwerp, where she boarded the Terrandier. When discovered aboard the vessel she volunteered to become stewardess and worked during most of the voyage. The clothes she wore were said to have been given her by the captain of the steamship.

\$21,000 DOPE SEIZURE.

RENO, Nev., Feb. 21.—Narcotics, said to have a retail value of \$21,370, were seized by police here. James F. O'Brien was arrested in connection with the seizure. O'Brien is said by the police to be a representative of a wholesale dope ring of San Francisco. He denied ownership of the drugs, but told the police, they assert, that he had been given \$500 to make delivery in Reno to the buyer.

POLAND HONORS PERSHING.

WARSAW, Feb. 21.—President Pilsudski has announced that he has awarded General John Pershing the Order of the White Eagle. This is the highest decoration in the gift of Poland.

England's military appropriation in 1921 was \$1,121,318,000.

IRON CAMPSTOOL ON HEAD FOILS JITNEY HOLDUP

RIVERSIDE, Feb. 21.—"Give us all you've got!"

That command reached the ears of J. H. Smith, jitney driver, as he was completing his last night trip. A bandit had sprung upon the running board.

Smith immediately pulled a lever which controlled an automatic door and so dislodged the bandit, who fell off and jumped on again.

Then Smith used an iron campstool, with the result the bandit did not climb aboard again.

"He said to give him all I've got," explained Smith to the police, "so I did."

MAN DIES AT AGE OF 102.

NUSBAUMER WILL IS FILED TODAY

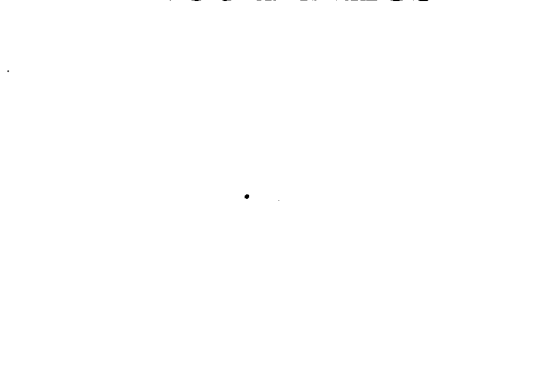

The will of the late Judge Emil Nusbaumer, leaving his entire estate to his widow, Mrs. Febbie Nusbaumer, and involving a legal complication due to the fact that a son and heir has been born since the will was executed, was filed for probate today.

The value of the estate is not named, but is believed to amount to several hundred thousand dollars. It includes land in Kern county now leased by the Standard Oil Company, considerable real estate in Alameda county, and \$4000 cash in bank.

Because Judge Nusbaumer's four-year-old son was not mentioned in the will, which was drawn three years before his birth, the child automatically inherits half the estate, according to law, although Judge Nusbaumer specifically left everything to his wife. The son is Emil Jr.

Judge Nusbaumer, who lived at 49 Estrella avenue, Piedmont, died February 12 while attending a children's party across the street from his home. He had been a justice of the peace in Oakland for twenty years.

BOARD IS NAMED FOR REFUNDING FOREIGN DEBTS

Hughes, Mellon, Hoover, Burton and Smoot Chosen by President.

WASHINGTON, Feb. 21.—President Harding today nominated the members of the refunding commission. The members are: Secretary of State Hughes, Secretary of the Treasury Mellon, Secretary of Commerce Hoover, Senator Smoot, Utah, Representative Burton, Ohio. The nominations go to the Senate for confirmation, after which the commission will organize and tackle the refunding problem.

ASSOCIATED PRESS. WASHINGTON, Feb. 21.—A resolution to the four-power treaty, adding that no adjustments or understandings reached under its provisions shall be binding without the consent of Congress, was defeated for two hours by the Senate foreign relations committee today. The committee voted 10 to 8 against the resolution, but with a majority of the members indicating their general approval.

Senator Brandegee, Republican, offered the resolution. The committee members said the resolution developed that Senator Brandegee, one of the committee chairman and one of the delegates to the Arms Conference, was favorably disposed toward it. Senator Pomeroy, Democrat, Ohio, presented a substitute covering somewhat the same ground, but the committee cast no vote on either proposition.

Consideration of resolutions began in the committee after there had been a short discussion of the Brandegee resolution. Senator Brandegee, who was author of the resolution, was absent from the committee meeting, and one brought forward the suggested project of summoning Secretary Hughes to tell what he knows of the negotiations. The Senate is expected to take more information was expected to the committee, however, Senator Johnson, Republican of California, and it was indicated by Senators that the subject was debated later on the floor.

By CARL D. GROUT. International News Service Staff Correspondent. WASHINGTON, Feb. 21.—President Harding today "strongly in favor" of the refunding of foreign debts, until next year, it was learned today. The president communicated his views to the members of the Senate, and he would not say whether he would give a bonus to the soldiers, but he might do so, he said today. The president will indicate whether he will give a bonus to the soldiers, but he might do so, he said today.

By A. O. HAYWARD. International News Service Staff Correspondent. WASHINGTON, Feb. 21.—Secretary of the Treasury Mellon warned congressional money hunters today that the establishment of a tax to provide funds to meet the foreign debt, which he said, indicated that a petition started out late yesterday against the sales tax was freely signed in all State delegations.

SHELL-SHOCKED VETERAN THOUGHT SUICIDE IN BAY

Relative in Ogden Tells Police of Threat Written by An Oakland Ex-Soldier.

E. Van Scofield, world war veteran suffering from shell shock, believed to have committed suicide in San Francisco bay. The Oakland police department is searching for him or his body.

CITY LIGHTS TO ALTERNATE WITH PALE MOONSHINE

BERKELEY, Feb. 21.—There is not enough moon shine in Berkeley to permit the city to save as much money as it would like to do. Instead of turning off the street lights only on nights when the moon shines, every other light throughout the entire city is to be turned off regardless of how the moon feels about it. This is to be done each night and will save the city about \$1900 per month until the first of the fiscal year. This was the action of the city council today, following a lengthy debate of the subject of cutting expenses.

Mother Lode Club To Present Program

The Mother Lode Club of Oakland is to host to the ladies at its regular meeting at Hotel Hastings this evening. Following 7 o'clock dinner a musical and literary program will be offered. A number of new members, recently elected, are expected to be present. The social features of the program are in charge of Grant D. Miller.

MAJOR CLUBS ARE NOT SHIPPING PLAYERS TO COAST LEAGUE

SEVEN UNIVERSITIES AND COLLEGES ARE SIGNED UP FOR NEW MID-WESTERN CONFERENCE

MAJOR LEAGUE CLUB DIRECTORS FAIL TO HIDE THEIR GROUCH

Boycott or Not, Oaks Are Entitled to Three Players From Chicago Cub Team.

By EDDIE MURPHY.

What has become of the baseball club owners in the East who only a month or so ago were turning ball players over to the Pacific Coast League clubs almost every day? Not since the Coast League directors, all but J. Calvin Ewing, voted against the draft, have any of those owners announced the sale or release of any players to Coast League clubs. Major league owners said that the draft question would never have anything to do with them declaring a boycott on the Coast League owners, but it looks like the boys back there are taking us for a lot of know-nothings out here. If they have not decided to boycott the Coast League clubs, then what was the big idea of the shipping of players to the Coast being stopped so suddenly? Maybe nobody would have become suspicious of what has happened had not the shipping of players ceased immediately after the Coast League directors announced their decision on the draft question.

If the major league club owners have really declared a boycott, more than one club in the Pacific Coast League is going to suffer. Take Duffy Lewis, Salt Lake club for instance. Duffy has been busy all winter lining up ball players and he made a ten strike when he landed Oscar Vitt to play third base, but Oscar cannot fill all the big gaps that Lewis would like him to. Duffy figured strongly on help from the majors and he admits himself that his club could stand to lose Oscar. Where they will come from Duffy does not know, but nobody can ever say that the new leader of the Boss is not hustling.

Oaks Must Get Three Players for Miller.

The boycott may be declared, but it is not going to keep the Oakland club from getting the players that are coming from the Chicago Cubs. When Hack Miller returns to the Oaks, The Cubs owe Cal Ewing and Del Howard a few good men in exchange for the players they have made that they will be delivered before the Cubs start on their homeward trip. The local owners have the understanding that no players are to be shipped to them, but that every player must prove satisfactory to them, or else they will be rejected.

Some fans are of the opinion that Hack Miller will be turned back to the Oaks before the Cubs start for home. That is not likely to happen, for Jack Doyle, scout for the Windy City boys, has a regular outfield berth clinched and that he is going to be one of the biggest of the Coast League players in the majors. Doyle believes that Miller will also show up in his batting, and all in all he is going to win himself a home with the Chicago fans right off the bat. "Any player who can be an attraction at the Chicago park in the Coast League circuit, should certainly have enough makeup about him to make good in the majors," says Doyle. "The Coast League fans are just as hard to please as are those who support the club in the majors," says Doyle.

Schick, McQuaid Would Not Kick About a Change.

What will become of Maury Schick, outfielder, and Herb McQuaid, pitcher, are questions that can be heard from the lips of Oakland ball fans every day. Many fans would like to see both those lads wearing Oakland uniforms, and maybe both lads would also like to wear them. Herbie McQuaid has made mention to that effect, and although he has signed his contract for the 1922 season with the Oaks, it does not mean by that he is going to be with that club next season.

There are not any two more willing young athletes in the Coast League than Maury Schick and Herb McQuaid, but for some reason, they have not been kept in the San Francisco fans pulling for them. Several times this winter, when the San Francisco club was going to be shipped out of the league, the San Francisco fans tried to ship Schick and McQuaid out of the league and see how far they will get. They don't figure to get the lads very far, for no less than three clubs in the league would like to have them both.

In a letter to Otto Eggenberger, Schick mentioned he had received his contract from the San Francisco club, and also of having received a letter from Maury Schick, but Maury will not sign it, at all, until he arrives here and has a chat with Charley Graham, Maury has nothing against the San Francisco club owners, but he feels like

Pimples Keep Young Men Down!

They Make Women, Too, a Puzzle! How S. S. S. Stops Skin Eruptions Positively.

Pimples and skin eruptions have a price—you pay for every pustule, black-head and pimple on your face. Pimples produce prejudice and prevent prosperity. Your heart may be gold, but who wants to kiss eruptions? Pimples don't look like the owners of anything. Pimple women are no power. Young men and women, here's the positive way out. Physic and purgatives will fail. What you need is a scientific blood-cleanser. S. S. S. is one of the most powerful destroyers of blood impurities. You can get it in a short time. S. S. S. has been passed on by a jury of millions of people just like yourself. It is considered one of the most powerful vegetable blood-purifiers and flesh-builders in existence. That's why you hear of so many underweight people putting on lost flesh in a hurry, why you hear of so many rheumatic being freed from this scourge, with S. S. S. in hand. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

Giants, Yankees Having Trouble Signing Players

New York Athletics Think They Are Entitled to More Remuneration.

By DAVID J. WALSH.

NEW YORK, Feb. 21.—Taking advantage of the fact that a rather generous portion of the American population is disposed to bear up bravely under the misfortune of having to exist beyond the limits of civility, it may be all for the best that both of the local major league entries have had trouble in signing players. When the Giants obtained Heinie Groh from the Reds, the impending National League race seems nothing but a "coast-in" for the champions. At that time they had the pitching, hitting and the best talent in baseball on paper. Just now they have none of these. Kelly, Hawkins, Bannett, Mott, Smith and Snyder are off. Mott, Smith and Snyder are presumably holdouts, and it is announced that Phil Douglas and Jess Barnes, two of the pitching stars of the last big series, have been placed on the market.

The American League race appeared equally favorable to the Yankees, although the suspension of Ruth and Bob Meusel until May 20 was a depressing incident to be faced.

STARS ARE MISSING.

The trade with the Red Sox whereby the Yankees fell heir to Sam Jones and Joe Bush, leading right-hand pitchers, and Everett Scott, a great shortstop, gave the Yankees far the best ball club in the circuit. But the departure for southern climes is less than a week removed and Ruth, Meusel, Ward, Roth, Phipps and others are holdouts. Carl Mays, serving the second term of a three-year sentence, desires nothing more than that the Yankees colonels destroy his faded old contract and buy him a new one with a pretty pink border and a lot of numerals placed behind a dollar mark.

Instead of two championship ball clubs front-running their respective fields, as was indicated via December prospect, there now is a very good chance that neither will start the season recruited to full strength and the further fact that dissatisfaction in March has been known to occur at one time or another through the season itself.

Judge Landis Likes To Play on Links

CHICAGO, Feb. 21.—Golf was one of the interesting reasons why Kenesaw Mountain Landis recently resigned his federal judgeship. It was reported, although not a lover of the game, the baseball commissioner found that he had no time for the links while exercising his double duty of arbitrating legal and baseball affairs. He found time for only three rounds of golf last year, which he described as not sufficient to keep him in physical and mental trim for his arduous duties. He said that with court routine, his calendar he felt sure he would be able to play enough golf to keep him in perfect fettle for the work of adjusting baseball difficulties.

The judge plays a tolerable game of golf and as a dog fancier possesses a canine that has been taught to retrieve lost golf balls.

Wrestling Notes

NEW YORK, Feb. 21.—Joe Stecher, the body-builders expert, who formerly held the world's heavyweight wrestling championship, and Wladek Zbyszko, younger brother of the present titleholder, will exchange grips and locks tonight in Madison Square Garden. The contest is to be decided by the best two falls in three.

Stecher defeated the younger Zbyszko here two years ago. Wladek has been promised the title by his brother, Stanislaus, if he defeats Stecher tonight. The elder Zbyszko has planned to retire in May.

Ed (Strangler) Lewis, another former holder of the heavyweight title, will engage Cliff Blackley, while Dick Daviscourt and John Olin will meet in other matches.

SPOKANE, Wash., Feb. 21.—Gene Stecher, light-heavyweight champion wrestler of Canada, defeated Ivan Siemens of Spokane in the first ten-round wrestling match held here under the White rules.

"HACK" WILL BE MISSED

Oakland baseball fans are wondering if Cal Ewing and Del Howard will dig up a new player who can fill the shoes of Larry (Hack) Miller, the slugging outfielder, who goes to the Chicago Cubs this season. Both "Don" Brown and Marioette are sluggers, but it remains to be seen if they can hit them as hard and timely as "Hack." Chicago fans expect big things of our slugger.

Mid-Western Conference Is Now Assured

Seven Universities and Colleges Sign the Role of Membership.

ST. PAUL, Feb. 21.—A new athletic conference was formed here yesterday by representatives of seven mid-western universities and colleges, who invited three other institutions to join the new circuit.

The north-central intercollegiate conference—the "N. C. C." was the name given the new association, which will start functioning next fall with the opening of the football season.

Finalization of yesterday's tentative agreement of organization" on the part of athletic boards of control or faculties, will be necessary before the agreement goes into effect.

The agreement was signed by C. A. West for South Dakota State College, Brookings; H. M. Baldrige for Creighton University, Omaha; M. J. Gillen, College of St. Thomas, St. Paul; S. E. Bourke, Northwestern College, College, Fargo; H. M. Bell, Des Moines, Iowa University; R. P. Chandler, University of North Dakota, Grand Forks; and J. M. Sanderson, Morrisville College, Sioux City.

A resolution was adopted inviting these schools to join the new conference; Michigan A. and M. College, Lansing; University of South Dakota, Vermillion; and Marquette University, Milwaukee.

In a general way the rules of the conference will follow those in the big ten and Missouri Valley groups, with exceptions including approval of summer baseball and freshmen participation in college games. The new conference will permit a student to play baseball during summer vacation, except with an organized league club, the representatives and faculties holding that "a student should be permitted to earn any money he could while on vacation."

It was decided to hold a conference track May 27 at a place to be selected from one of the following schools: South Dakota State, Creighton, Morrisville and St. Thomas.

H. M. Baldrige of Creighton, was made president of the conference.

Walter Schmidt Joins The 'Holdout' Class

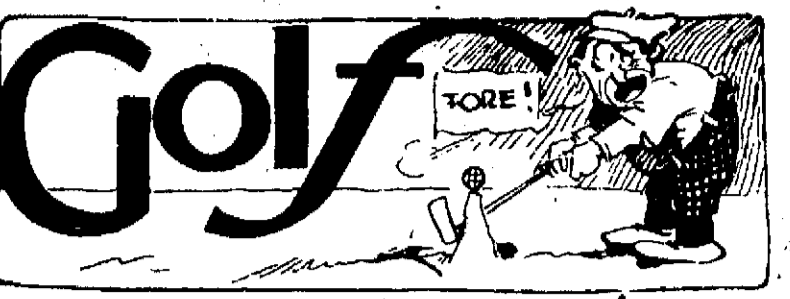

MODESTO, Feb. 21.—Walter Schmidt, star catcher of the Pittsburgh National League team, is still in Modesto despite orders to report to Hot Springs, Ark., for spring training. Schmidt said he would remain here unless his terms were met by President Dreyfus of the Pirates. It is reported that Schmidt is demanding \$10,000 for this season's work behind the bat.

Inter-class Boxing At California Soon

UNIVERSITY OF CALIFORNIA, Feb. 21.—Tentative plans for inter-class boxing tournament, to be held Friday, were under way today at Harmon gym under the direction of Coach Stanley Jones. One hundred each weight is to be selected to represent each of the four classes. The Stanford-California matches are to be held March 11, and it was necessary to schedule the inter-class bouts earlier than had been expected.

Bachman Is Offered Position at Purdue

MANHATTAN, Kan., Feb. 21.—Charles Bachman, head coach at Kansas State Agricultural College, has been offered the position of football coach at Purdue University, according to Mike O'Brien, athletic director at the agricultural school. Bachman has not announced whether he will accept the offer.

Golf

By W. D. McNICOLL

The contest for Mrs. J. R. Miller's trophy, which started with a qualifying round at Sonoma, the first Friday of the month, has made practically no progress, but the players are just as keen as ever to get on with their matches when opportunity presents. Mrs. Lee Dunham and Mrs. L. McCaffery have offered to donate a prize for the winner of the second flight. In the first flight event the draws were as follows: Mrs. D. H. Foote plays Mrs. O. Billingshous.

Mrs. W. B. Stadfeldt plays Mrs. Lee Dunham.
Mrs. H. M. Lorber receives a bye.
Mrs. Wynan Taylor plays Mrs. C. G. Knight.
Mrs. J. J. Valentine plays Mrs. George Vesper.
Mrs. H. M. Lorber receives a bye.
Mrs. H. M. Lee receives a bye.
Mrs. Clyde Waterman plays Mrs. Roy Ford.
With three plays drawing have, only five matches remain to be played. Mrs. Billingshous won her match by default. Mrs. J. J. Valentine defeated Mrs. George Vesper 2-1. Mrs. Clyde Waterman defeated Mrs. Roy Ford 3-1. Mrs. Stadfeldt and Mrs. Dunham and Mrs. Taylor and Mrs. Knight still to play.

The draws for the second round are as follows:
Mrs. O. Billingshous plays Mrs. W. B. Stadfeldt or Mrs. Lee Dunham.
Mrs. H. M. Lorber plays Mrs. Wynan Taylor or Mrs. C. G. Knight.
Mrs. J. J. Valentine plays Mrs. P. L. Detman.
Mrs. H. M. Lee plays Mrs. Clyde Waterman.
The draws for the second flight, however, which have yet been played, are as follows:
Mrs. J. H. Stuneman receives a bye.
Mrs. Clarence Graham plays Mrs. C. M. Peck.
Mrs. J. R. Miller receives a bye.
Mrs. E. C. Cottle plays Mrs. W. S. Kuder.
Mrs. John Buck plays Mrs. J. R. Dunbury.
Mrs. G. L. Behr receives a bye.
Mrs. W. B. West receives a bye.
Mrs. Dwight Hutchinson plays Mrs. M. A. Turner.

Over seventy-five women are now registered at the club, with fifty actively participating in tournaments during the season.

Frank A. Kates, Claremont, president of the Northern California Golf Association, has appointed the following:

Sacramento Stars to Play Phoenix Nine At Local Diamond

The St. Mary's Phoenix baseball team is preparing for fair skies for tomorrow for the Phoenix Nine. The Sacramento Stars are slated to be the guests of the Oaklanders on Wednesday night in what is regarded as one of the big games of the season. Walter "Duster" Mails, coach of the 1921 Phoenix, was scheduled to hurt for the Sacramento Stars, but Walter has taken unto himself a wife and is now on his honeymoon, so O'Brien, coach of the doubles title in the Winter League of the Capital City, will do the honors for Orr's team. O'Brien, who will be Bob Hadley, who looks the most promising of the pitchers on the Saints' staff.

Last season the Sacramento Stars were one of the few teams to check up a victory on the St. Mary's boys and report has it that Orr is bringing a team equally as good as last year. The only player of prominence being absent is Joe Geddon, who is now the loan of Judge Landis, which keeps him from playing with men under contract.

How to Sell Your Business

When you advertise your shop or store you should be sure to answer the questions which will arise in the readers' minds. These are the things that every prospective buyer wants to know about.

Kind of business.
Location---the street or district and any points such as nearness to schools or factories.
How long established.
Income---amount, and whether all cash or not.
Length of lease.
Amount of rent.
Value of stock.
Living rooms.
Reason for selling.
Price and terms.

The big advantage of an advertisement which covers all these questions specifically is that anyone who answers it knows just what to expect. The sale is half completed before he even sees the place.

SCHOOLS TO BE OPEN AS 'USUAL' FOR TOMORROW

"Business as usual" will be the motto of the Oakland schools on Wednesday, Washington's birthday. All the schools will be open and though there will be special programs and observances for the event, studies will be continued without interruption.

The school offices on the eleventh floor of the city hall will be working as usual, though the rest of the city hall will be closed. One elevator will be kept in operation all day to accommodate the school department.

Mayor Davis last night issued a general proclamation, calling attention to Washington's birthday. It says:

To the People of Oakland: Wednesday, February 22, is the 191st anniversary of the birth of George Washington, the illustrious American patriot, general and statesman.

Washington's name will always be held in the most loyal respect by Americans everywhere. The familiar expression, "first in war, first in peace and first in the hearts of his countrymen," is as true today as in the twentieth century, and when the words were first spoken.

During the many years of our national history Washington's example has always been held before the people of America, and on this anniversary of his birth every American citizen welcomes the opportunity to respect Washington's memory.

The patriotic organizations of Oakland and the children in our schools are to have special programs in honor of the day, and I know that every loyal citizen in Oakland will in some way show respect to the memory of our first great leader on February 22.

Scoutmasters Meet Tonight in Alameda

ALAMEDA, Feb. 21.—An interesting program is planned for the regular monthly meeting of the Alameda Scoutmasters, which is to take place in the office of Dr. W. B. Stephens this evening. The program is under the direction of Scout Executive Edward Albert. Jesse L. Delaney, Scout range officer, and Frank Morrissey, archery instructor, will give demonstrations and talk. George T. Crandall will preside at the business meeting.

SINN FEIN IS SPLIT ON ERIN PEACE PACT

De Valera Tells Convention of Ard Fheis That He Prefers to Fight Great Britain to Yielding Independence

DUBLIN, Feb. 21.—Michael Collins, in a statement to the International News Service this afternoon, conceded victory to Eamon de Valera upon his motion in the Ard Fheis, stating that the Sinn Fein could not accept the Sinn Fein treaty.

DUBLIN, Feb. 21. (By the Associated Press).—Eamon de Valera, apparently regarding a split of the Sinn Fein party as inevitable, openly advocated such a division in addressing the Ard Fheis, the national Sinn Fein convention, at its extraordinary session today, saying it would be better for Ireland to have two armies each ready to assist the other if the country were imperiled, rather than one army divided in itself.

De Valera's speech was the outstanding feature of the morning session of the Ard Fheis, which had only begun the discussion of the party's future policy for or against the Anglo-Irish treaty when the luncheon adjournment was taken at 1:40 p. m. until 3 o'clock.

Speaking in his resolution urging the Sinn Fein party to continue the fight for a republic, De Valera won hearty applause at numerous points he made in his address.

"I would rather see the country flooded with British troops than give them the irrevocable right to be here," was one of the assertions made in a dramatic manner, which resulted in loud cheers.

ENTITLED TO DIGNITY.

"Ireland," he declared later on, "is entitled to the dignity of a nation, and I will never consent to make her the illegitimate daughter of England."

Again he said, "My position is the same as when I made president of this organization, when I said, 'Our colors are nailed to the mast.' That I said I meant."

De Valera appealed for harmony between the divisions in a break-up should occur, saying he and Arthur Griffith always had been colleagues and would continue so. Most of the morning session was taken up with making arrangements for a vote, which was taken on the motion that the Sinn Fein party should continue the fight for a republic, although it was agreed this morning that if the Ard Fheis decided to defer the vote and continue debate it could do so.

A motion to vote at 6 p. m. failed, but Kevin O'Sheal moved that the vote on the principal resolution, namely, that with regard to the Sinn Fein future policy for or against the Irish treaty, be taken immediately. He said the majority of the delegates had been instructed by their home clubs how to vote and, in any case, had definitely made up their minds.

O'Sheal's amendment was defeated. The Ard Fheis decided also that if at 7 p. m. the convention desired to defer the vote and continue the discussion it could do so.

Michael Collins came forward to the platform at this juncture. He received the greatest demonstration of the convention up to this point. He said he favored free and full discussion of the important questions before the convention.

SPEECH INTERRUPTED.

Debate on the question of the Sinn Fein policy was finally begun by De Valera, whose speech was quickly interrupted by cheers. He pleaded for continuation of the struggle for the republic. Alluding to the possibility of a split, he said that if it were necessary for the party to divide it would be better for Ireland to have two armies, each ready, if the country's liberty were menaced, to help the other, than one army divided in itself.

Long before today's session opened a large crowd had gathered outside the Mansion House. At the recent meeting of the Dail Eireann the presence of republican propagandists outside the building was a noteworthy feature. They were not in evidence today, but a circular prepared by the adherents of Michael Collins was widely distributed. It made an appeal to Sinn Fein party not to repudiate the Sinn Fein's creation, the Dail Eireann.

When Griffith rose at the beginning of the afternoon session to move his amendment to De Valera's resolution, he was given an ovation. Griffith's amendment affirmed that the peace treaty was fully justified by the Sinn Fein constitution. He said he stood by the treaty because he firmly believed it was in the best interests of Ireland.

Regarding Ulster, he said he wanted to win the present Unionists for Ireland, but was never in favor of coercing them. He closed with an appeal for Irish unity and peace with honor with England.

ALAMEDA, Feb. 21.—D. J. ("Dan") Quill, for 46 years in the employ of the Southern Pacific Company, retired from active duty with company pension yesterday. Quill has been an engineer for nearly all of the time that he has been with the company. The rest of his days he plans spending working in the garden surrounding his home in Central Alameda.

Quill's first run was from Alameda to Boulder Creek, in the Santa Cruz mountains. When that line was abandoned he was assigned to the local train service. He was on this train when he completed his railroad service. Previous to taking over the throttle Quill was in the construction department and he did considerable work on the line of the company between Tucson and El Paso.

Visit Warren's "Morgue"

Here Warren's, Inc., has placed for your inspection prints and negatives, showing the common mistakes made by the amateur photographer.

A visit to Warren's "Morgue" and a discussion with one of Warren's experts, who will explain exactly how various mistakes are made and, better, how they may be avoided, will help you make better pictures. You are welcome any time.

At Warren's you will find also a complete stock of Kodaks, and supplies, a fully organized repair department, an expert developing and printing service and a very full line of frames especially suited to photo prints and enlargements—for Warren's is Oakland's Kodak Service Station, organized to give an absolutely complete and efficient camera service.

Veteran S. P. Engineer Retired On Pension

ALAMEDA, Feb. 21.—D. J. ("Dan") Quill, for 46 years in the employ of the Southern Pacific Company, retired from active duty with company pension yesterday. Quill has been an engineer for nearly all of the time that he has been with the company. The rest of his days he plans spending working in the garden surrounding his home in Central Alameda.

Quill's first run was from Alameda to Boulder Creek, in the Santa Cruz mountains. When that line was abandoned he was assigned to the local train service. He was on this train when he completed his railroad service. Previous to taking over the throttle Quill was in the construction department and he did considerable work on the line of the company between Tucson and El Paso.

MEN TO PLAY WHIST.

The Gentlemen of the Holy Name Society of St. Bernard's church on Sixty-second avenue will give a whist party this evening. The party will take place in the parish hall.

Women Needed to Sew to Keep Families Of Oakland's Jobless Men in Clothing

Local social favorites who are devoting a few hours each day at the sewing room of the citizens emergency employment and relief committee. Left to right they are BERNICE CHILSON, at the machine; MRS. NELLIE BULLOCK, MRS. M. A. LEE, MRS. C. M. WEYMANN, MRS. G. T. CARPENTER.

Y. M. C. A. LEADERS WIND UP TWO-DAY CONCLAVE IN S. F.

SAN FRANCISCO, Feb. 21.—Shifting the meeting place from the First Congregational church at Mason and Post streets to the Y. M. C. A. building, the two-day convention of the Y. M. C. A. workers of California was brought to a close today. This morning the delegates were addressed by Dr. Elmer Ellsworth Helms, pastor of the First M. E. church in Los Angeles.

Many national and international figures in the work are attending the convention. Most of the visitors are stopping over while en route to Peking, China, where delegates from 31 nations will attend a convention of those interested in the world student body movement. Dr. John R. Mott, who is at the head of this movement and the general secretary for North America, will preside at the meeting in Peking. Following the convention at Peking, which opens March 30, Dr. Mott, accompanied by a group of delegates, will visit every student body center in China.

At a banquet of the delegates to the local convention, held last night at the First Congregational church, Dr. Mott outlined the work of the Y. M. C. A. in foreign fields and what the organization hoped to do through their student body movement.

Short reports of the state work were made by various secretaries as well as short addresses by Harry Henderson, general secretary, of Los Angeles and F. W. Pearsall, state secretary, of New York.

Urgent Call Sent Out by Relief Headquarters At 1560 Broadway

WANTED—Women to sew for charity. Apply at once at 1560 Broadway.

This appeal was made today by Mrs. E. M. Weymann, representative of the Citizens Emergency Employment and Relief Committee and joined in by Mrs. Homer Murdoch of the Oakland chapter of the Red Cross.

"There is dire need for women workers able to sew," said Mrs. Murdoch. "We must have more women or we will fail in this attempt to alleviate the suffering of the unemployed."

"Just to give the public an idea of the work being done by this unit of the organization, let me say that on Saturday 101 families were fitted out and yesterday before noon 60 families given aid."

"DEMANDS MORE SERVICE."

"This volume of business demands more service. It is incumbent on the women of the city to come to the assistance of this unit of the citizens' organization. If they will only give an hour of their time each day, much will be accomplished. At present the work is falling on the shoulders of a few with the result that they are swamped with work."

"Another need is material. We want material right away suitable for children's clothes, especially underwear, and we want men's clothing and shoes."

The sewing room at 1560 Broadway is running a close second to the Municipal Woodyard in point of demand, according to the members of the committee.

At the woodyard the men are given employment and prepared for the necessities of life for their families. At the sewing room clothes are provided for the families.

THOROUGHLY CLEANED.

All articles of clothing donated by the residents of the city are first taken by the Arthur Snow company and thoroughly cleaned before being distributed in the sewing room.

Once cleaned they are altered and mended by the women who are donating their services and prepared for the wives and children of the men who are unable to find work.

Yesterday was the big theatrical benefit at the Municipal Auditorium for the unemployed. As two performances yesterday talent, professional and amateur, was seen by the amusement lovers.

As yet no estimate has been made of the amount of money realized through the venture. The funds will be turned over to the relief of the unemployed.

All services of the stage hands to the box office were contributed to the cause and the citizens' committee had no expense in staging the benefit.

KIWANIS CLUB SEEKS FUND TO HELP JOBLESS

In connection with the drive for funds being made at the present time by the members of the several luncheon clubs who are soliciting aid from the business men and employers of the community the Kiwanis Club yesterday named a "collection team."

Headed by Abe Leach as team captain, the members will be W. A. Wann, Ernest Tanner, J. E. Smith, F. M. Carey, S. E. Biddle, S. E. Jackson, William B. Bryan, Harold Kellogg, C. W. Day, D. B. River, Orman Lutz, De Witt Davidson, E. B. Barton, J. B. Fleberling, R. W. Kittrelle, C. B. Harpole and Frank Kennedy.

Immediately the present drive for funds is completed the committee will start on its "1 per cent drive."

Meanwhile a number of contributions have been made to the committee according to Oliver Kahrlin, the treasurer, who announced the following list of contributors:

George C. Pardee, \$100; Oakland Center California League of Women Voters, \$50; Rotary Club, \$200; Bowman Drug Company, \$50; Master Plumbers' Association, \$50; Soroptomist Club, \$40; California Cap Company, \$100; Rotary Club members (additional), \$232; Lions Club, \$100; Kiwanis Club, \$100; clearing house, \$500; Taft & Penner, \$250; Grand Old Opry, \$50; Claremont Parent-Teachers' Association, \$50; Kahn Brothers, \$250; Oakland Federation of Mothers' Clubs, \$55; Pacific Nash Motor Company, \$50; Hebrank, Hunter & Peacock, \$50; Don Lee Motor Company, \$100; Weaver-Wells Company, \$75; Ethel M. DuVal, \$50; Knights of Columbus, \$100; Mrs. William Letts Oliver, \$50; Rotary Club members (additional), \$55; Chevrolet Motor Company, \$50; employees Crane Company, \$125; Irvin D. Martin, intermediate school No. 1, \$50; Carrie B. Oliver, \$50; Lions Club collection, \$233.30; Bates & Earlard, \$121.50; E. A. Whitaker, \$100; Optimist Club, \$100; Rotary Club, H. O. Harrison Company, \$50; A. W. Moore, \$100; Hawthorne Parent-Teachers' Association, \$126.50; Oakland Advertising Club, \$100; Alameda County Tuberculosis Association, \$100; Oakland Rotary Club, \$100; W. W. Garthwaite, \$250; Oakland Phonograph Company, \$100; William Cavalier & Co., \$100; Gilchrist Furniture Company, \$100; Oakland baseball club, \$100; J. F. Carlston, \$250; James A. MacPherson, \$100; H. M. Lawrence, \$250; H. C. Capwell, \$250; Cardinet Candy Company, \$100; The Venus, \$100; Louise M. Ebean, \$50; Oakland Furniture Company, \$50; Bowman Drug Company, \$100; Pacific Coast Canning Company, \$250; Wesley Epworth League, First M. E. church, \$512.92.

TWO KILLED, EIGHT HURT IN STRIKE RIOT

Police Fire On Textile Workers When They Try to Prevent Arrests; Mayor Is Witness; Women Lead Mobs

BY ASSOCIATED PRESS
LEASD WIRE TO TRIBUNE.

PANTUCKET, R. I., Feb. 21.—One man was killed, two were seriously wounded and six persons were hurt when the police used riot guns today on a crowd of 1000 persons who gathered at the plant of the Jencks Spinning company, where a strike is in progress. The guns were brought into play when several patrolmen had been knocked down after the arrest of three strike sympathizers.

The dead man is Juan D'Assumpcao of Valley Falls. Joseph Diaz and Tony Regoss of this city were taken to a hospital in a critical condition.

Mayor Robert A. Kenyon witnessed the shooting. He had arrived at the gates of the plant early in the morning to observe the crowd that has customarily gathered to watch working operatives of the mill. He told the patrolmen to be careful and calm, but to do their duty, and to "shoot if necessary."

Meanwhile women were pulling and mauling at the girls who were attempting to enter the mill, and several were knocked down. The police put their shoulders to the crowd and were countered with fist and club blows.

Three patrolmen were knocked down, and the arrests followed.

A passing furniture van was commandeered as a patrol wagon, but when the patrolmen attempted to hustle their prisoners aboard it, they were stopped by a bombardment of stones. Then riot guns swept the crowd. Eight persons fell. The crowd dispersed.

The Eighth Coast Artillery company, which was mobilized in the state army last night, left the armory at 6 a. m. today. Its destination was not made public.

STRIKERS JAM STREETS. NATTED R. I. Feb. 21.—Striking textile workers and sympathizers jammed the streets of this village today, waving small American flags, but preserving silence. Meanwhile mounted cavalry troops and police kept strict patrol, forcing the throngs to keep moving.

Hundreds of children, each bearing a tiny American flag, swelled the ranks of the strike sympathizers.

"Caruso," Singing Bulldog, Found By U. C. Students

BERKELEY, Feb. 21.—"Caruso" is a singing dog, and university students declare that he is the only animal of his kind. "Caruso" is a bulldog and he has a keen ear for music.

A derelict, and unlicensed, he was discovered by students because of his daily singing of a soprano obligato to the chiming of the Campanile bells. Upon investigation, the collegians found that "Caruso" would sing to other accompaniments, and a prolonged whistle or call caused the dog to entertain the upperclass men gathered at Senior Bench for many days. But the order directing the impounding of unlicensed dogs is strict, and to save "Caruso" from arrest, a collection was made up and a license purchased.

Now he is the property of the university student body, and is a frequent entertainer at the "Co-op" and "Beanery," singing to the accompaniment of a piano. A bed has been provided on top of the "Beanery" piano, and plans are being made for the further culture of his voice.

GRANDFATHER IS SAVED FROM JAIL IN SPEED CASE

BERKELEY, Feb. 21.—Being a grandfather saved Fred Hilton, Richmond barber, from a jail sentence this morning.

Hilton appeared before Judge Robert Edgar for sentence after having been found guilty by a jury last week on a charge of reckless driving preferred by John O'Gorman, 1316 Harrison street, whose daughter, Helen, and sister, Catherine, were run down by Hilton's automobile on January 1.

Hilton pleaded that he be not sent to jail. "I'm sorry for the accident and I'm willing to pay all expenses concerned," he said. "Besides I have a grandson to support and I can't care for him if I go to jail."

Judge Edgar imposed a fine of \$30. O'Gorman refused to allow Hilton to make a financial adjustment with him, intimating that he would institute a civil suit for damages.

TWO HELD AS SUSPECTS IN CAR LOOTING

Police Charge Men With Receiving Stolen Goods; Believe General Plan to Rob Santa Fe Cars Is Revealed

RICHMOND, Feb. 21.—Further evidence of what is said to be a wholesale conspiracy to plunder Santa Fe freight cars was uncovered last night when A. Coon and R. H. Howard were arrested at Twenty-third and Macdonald avenues, charged with receiving stolen goods. Both men were held in bail bond of \$2500 each before Justice of the Peace John Roth. Bail was furnished by their attorneys, Pierce & Carlson.

In Coon's cigar store, 2225 Macdonald avenue, the police discovered a small quantity of chewing gum, while in a closet in Howard's rooming house, at 2227 Macdonald avenue, directly over the cigar store, large quantities of smoking materials were uncovered. Chewing gum, smoking tobacco and cigarettes taken in last night's raid by the police is valued at \$1000.

FIND AUTOMOBILES.

The presence of two automobiles along the Santa Fe right-of-way at Glenn Frazier, 11 miles northeast of here, where Richmond police Sunday morning arrested H. L. Royston, 734 Broadway, Oakland, in connection with the robbery of Santa Fe freight cars, leads the police to believe that a number of men were concerned in the theft.

For more than a mile along the grade leading to Glenn Frazier, where the freights are forced to slow down, the looters threw off shoes, tobacco, chewing gum and other merchandise. Apparently the police arrived before the robbery got well under way, for quantities of merchandise recovered by the officer in depute that the thieves had made little headway when warned to escape by the sudden appearance of the police on the scene.

ENTER AT OAKLAND.

Richmond police believe the looters entered the freight cars at Oakland, having first arranged with confederates to receive goods thrown off at the grade approaching Glenn Frazier. As the trains are forced to slow up at this grade, it was a simple matter to throw off a quantity of goods to be picked up by confederates in waiting automobiles.

Columbia Storage Batteries

10% Greater Power
10% Quicker Starts
10% Brighter Lights
10% More Service

40% More Satisfaction

Columbia Storage Battery plates are made in accordance with a special formula which allows unrestricted chemical action, generating 10% greater power and at the same time resisting disintegration.

Thus standard size Columbia Storage Batteries give 10% better service at no extra cost. You can get, for instance, a 12 volt Columbia Battery for Dodge cars for only \$38, exchange price—11 plate Columbia Storage Battery, which fits 80% of all cars, costs only \$24.65, exchange price.

(All prices f. o. b. San Francisco, Calif.)

Columbia Storage Batteries are made in the San Francisco factory of the National Carbon Company, one of the oldest and largest makers of batteries in the world. See us for Columbia Batteries and Columbia Service.

MY FAVORITE STORIES

IRVIN S. COBB

A Stickler for the Code.

A survivor of Mosby's Cavalry told me this one, years ago, as illustrative of the German's love for regularity and orderly routine in all the affairs of life.

It would seem that a Bavarian immigrant joined a Union regiment and in the third year of the war was sent to Virginia. One night he imbibed too heavily of strong drink and fell asleep in a corn crib. When he awakened he discovered that during the night a negro camp follower had stolen his uniform, leaving behind a ragged civilian outfit. The German clothed himself in these tatters and set out to find his command.

Presently another and an even more disagreeable circumstance than the theft of his wardrobe impressed itself upon him. By certain signs he was made aware that while the Federal forces had withdrawn from their old positions and the enemy had advanced so that he was now inside the foe's lines.

As he limped toward the rear, hoping to overtake the retreating force, a squad of ragged gray troopers came whirling out of a thicket and surrounded him. Quite frankly he told them who and what he was, and they made a prisoner out of him.

Presently his captors halted him where a tree limb stretched across the road, and one of the Southerners, unshipping a plow line from his saddle bow, proceeded to fashion a slip-noose in one end of it. The captive inquired of the lieutenant in command what the purpose of all this might be.

"Why," said the lieutenant, "we're going to treat you as we would any Yank caught inside of our lines in disguise. Under the laws of war we're going to hang you as a spy."

"Vell," said the German, "votefer is der rule!"

How to Be a Successful Sports Writer

(NO. 20, VOCATIONAL GUIDANCE SERIES)

Most young men starting out in life to be sports writers handicap themselves by too close application to their work. It is a well-known fact that in order to get the right perspective on an object it is necessary not to get too close to it. This applies particularly to billiards, bowling, baseball, track meets, swimming contests, fighting, wrestling and all other sports.

For instance, a young man sent out to report his first three-cushion billiard tournament should guard against going to the place in which the tournament is being held. If he does, he is sure to fall asleep and will wake up only after the tournament is finished and the paper has gone to press.

What he should do is go to a moving picture show, or go home and read, and then when he feels the tournament is about to conclude he should call up some friend who has been compelled to attend it and get the results from him.

These results he can embody in a short, succinct and touching narrative for the edification and the delectation of those fortunate individuals who depend upon his periodical for their matutinal pabulum.

This same technic should be applied to covering all other existing contests, especially the pole vault and the plunge for distance.

Many a young man has permanently wrecked his nervous system by watching for an entire evening a long series of desperate plunges for distance. We have seen such young men staggering away from the rim of the tank with wild eyes, staring, fingers twitching and babbling through white lips. We have seen strong men carry them away, pitiable, broken wrecks of their former noble selves. As me! Ah you!

In fact, as I review the dangers, snares and demoniacal pitfalls that beset the young sports reporter at every turn I am moved to believe it would be a more christian act for me to do nothing to encourage a young man to enter this hazardous career. And on reading this over I find I have done just that.

Chips off the Block

by Robert Quillen

Our idea of a thorough jingo is one who holds that tax-paying is glorious.

The chip on the farmer's shoulder is probably a chip off the old agricultural bloc.

And so Europe can't understand our Senate. Well, that appears to make it unanimous.

Free people are those who enjoy life, liberty and the pursuit of people who are not free.

Few people are content with their lot. For that matter, few people are content with a lot.

Former doughboys will agree with the ordnance expert who says wars are not won by the big guns.

"My client's shining countenance," said the lawyer, "proves his innocence. To me," said the judge, "it has the appearance of a moonshining countenance."

There is considerable bull about it, but it doesn't follow that China's open door is a matador.

Usually the truth will make you free; if it won't, you can always hire witnesses to lie for you.

Germany's contention is that she is unable to support France in the style in which she was reared.

It's a funny world; and a lot of people who don't pay their debts pretend to despise other thieves.

About the only thing needed to make poverty an ideal state is a generous supply of spending money.

Eventually all the great problems will be solved except that of hitting the fast ones that cut the inside corner.

Never hit a man who is down in the mouth, unless he's a dentist and it's your mouth.

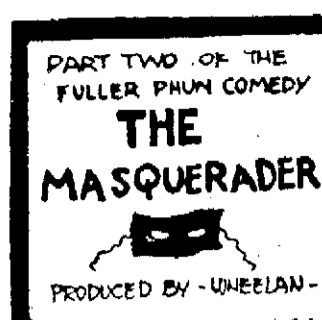

There is no significance in the fact that a worm will turn. It never turns into anything more formidable than a worm.

With a Jap directing the railway, the Chinese in Shantung will have the inalienable right to watch the trains come in.

History will not forget that in the beginning of this new era of peace Germany was the first to sink her battleships.

TRUCKING

PACIFIC PRICES AND WORKERS' COMMERCIAL

VEGETABLES ARE MORE PLENTIFUL, PRICES ERRATIC

First South American Coffee Due; Onion Market Slated for Tumble Soon.

Green vegetables are becoming more plentiful as the weather improves. There was plenty of truck of various varieties offered today at prices for almost every purse.

A carload of lettuce from the Bravely region in Imperial Valley was in demand at from \$4.50 to a crate. The local variety, which is at present not of very good quality, was selling at from \$2 to \$2.50.

Tomatoes were slightly weaker. The Mexican variety is the only kind available and the demand is only fair. Rhubarb is showing in increasing quantities and at lower prices.

Peppers of all sorts from Mexico and Florida may be had at fancy prices. The Florida stuff is the one in demand, although Mexican bells were bringing 25 cents a pound.

A rather aristocratic arrival was the two boxes of hot-house cucumbers from Davenport, Ia., which were brought in at \$2.50 a dozen by Levy and Zinner. Santa Cruz and Los Angeles stuff was selling at \$2.

The onion market is stagnant although prices are still quoted at about \$6 to \$6.50 per hundred. It seems to be for some time. The price of many dealers that this figure must come down.

The first South American coffee to reach port this season is due Friday with the arrival of the S. S. *Comandante*. The Rotarian from Buenos Aires and Santos with 15,000 sacks. The Rotarian reached San Pedro last night and today is unloading a like amount of coffee there.

Voluntary reduction of freight rates to 45c per 100 lbs. on butter, grease and oleomargarine, in carload lots, was announced by the San Francisco and Los Angeles, is to be published by the Southern Pacific Company. The present rate is 65c per 100 lbs.

OAKLAND PRODUCE

FRUITS.
Dates—Dromedary Golden, new crop, \$5.50 per case; 18-20c lb. Ford, \$2.00.

Oranges—Navel (Sunkist), fancy \$5.50; choice, \$5.00; common, \$4.50. Lemons—\$5.00; choice, \$4.50; common, \$4.00. WO WOMEN ARE SEIZED IN DOPE DRIVE BY POLICE

Former Proprietor of Hotel Is
Accused of Being Wholesale Dealer.

With the arrest of Ella Parks, former proprietor of the B. and W. hotel in West Oakland, the police claim that one of the most notorious dope peddlers is now in custody.

She was arrested last night by Policemen E. P. Murphy and E. A. Yankke, after they charge she had sold three packages of narcotics to an addict. The officers saw the man leaving the house at 1474 Seventh street and they went in and searched it. They found about \$200 worth of dope in the pocket of a fur coat in a bedroom. According to the arresting officer the woman is a wholesale dope peddler and only sold it to retail peddlers. The police have been watching the house for a year. The same two officers also arrested Lola Johnson, colored, at 703 Willy street, on a charge of violating the state poison act. A small quantity of dope was found on the woman when she was arrested.

Both women appeared in Police Judge Edward J. Tyrrell court, but the cases were continued until tomorrow morning because there was no complaint on file.

Brother Leo Will Talk on Washington

Brother Leo, dean of English at St. Mary's College, will lecture on "Washington's Conception of Americanism" under the direction of Oakland Council No. 754, Knights of Columbus, at the Knights of Columbus auditorium, 650 Thirtieth street, tomorrow evening. The lecture will be free and the public is invited.

Arrangements are being completed for the annual charity ball to be given at the Hotel Oakland by Oakland Council No. 754, Knights of Columbus, on Tuesday evening, February 28, the beginning of the Lenten season. Each year such an affair is held by the local organization, and it has become one of the social events of the order. Invitations have been acknowledged by all the Eastbay councils of the K. of C., and many will come from San Francisco.

The arrangements committee consists of the following: Frank M. Flynn, chairman; Gerald Brushner, Joseph Clanciarulo, James Cullen, Joseph A. Devany, Leo E. Hanly, Edward Wilson, George J. Prefontaine, Eckert E. Smith, John J. Carey, John J. Cox Jr., Francis Coakley, E. A. McSorley, H. Raymond Hall, Mark H. Hogan, F. N. Mulhall, Raymond Lemieux, Edw. Mulvihill and Louis Pierotti.

Mysticism Interpreted With Graceful Steps by Eastbay Girl

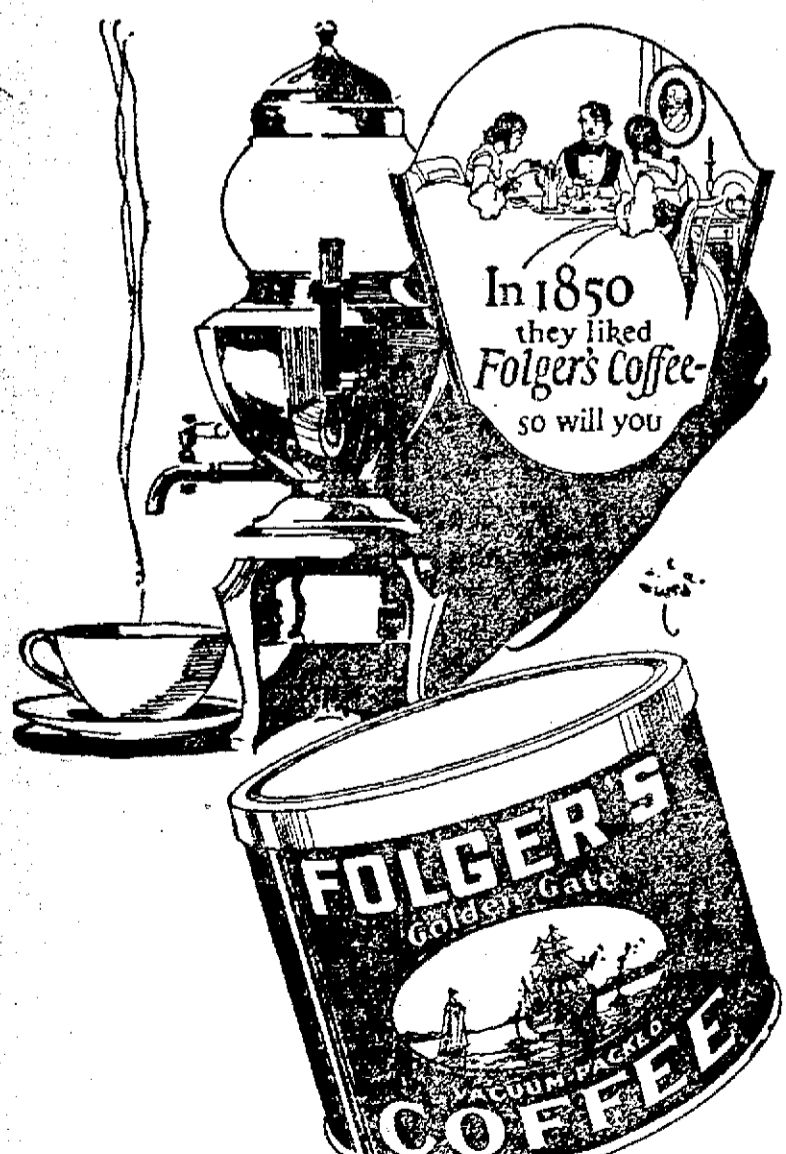

MISS PRISCILLA COLLOM, interpreting mysticism of the Near East, in aesthetic dancing which is winning her wide recognition.

New Professional Dancer to Rise From the Ranks of Berkeley Amateurs

BERKELEY, Feb. 21.—Berkeley will furnish a new professional dancer to the artistic world in the person of pretty Miss Priscilla Colloom, attractive society maid and daughter of Mr. and Mrs. J. F. Colloom, 2705 Ridge road.

For some months Miss Colloom has been appearing privately for the edification of friends in college and artistic circles. Now she plans to make dancing "her career" and is preparing to step forth into the realm of professionals. That the attractive Berkeley girl will make her mark is evidenced by the Plaudits which have come her way.

Miss Colloom has made a specialty of dances of the Near East and has

Shimoda, Japan

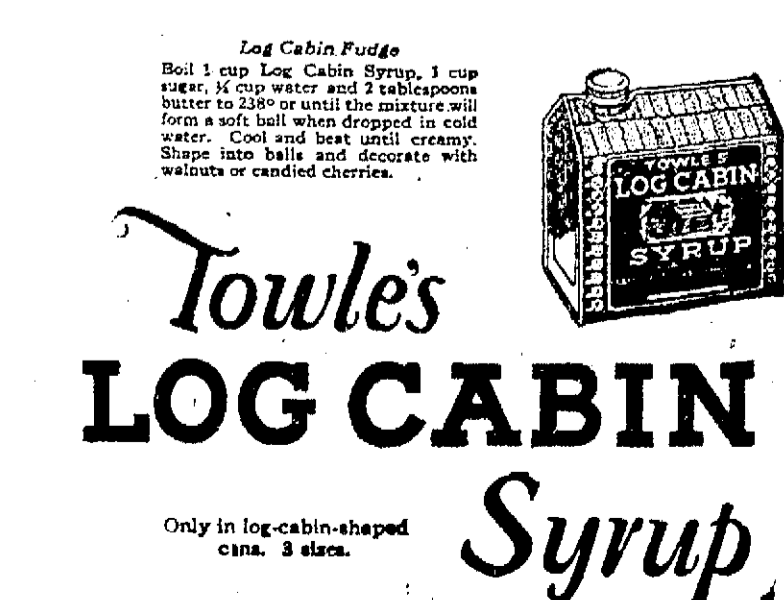

When your sweet tooth calls for candy, stir up a panful of this maple fudge. It's cheaper than buying candy at the store—and is it good? Just taste it!

That it has the real maple flavor makes all the difference in the world. Log Cabin Syrup gives it that flavor.

For Log Cabin Syrup is made from the choicest of New England maple combined with the best from Canadian groves—the real sugars of maple in which the flavor is most intense. This is blended with just enough pure sugar of cane—and nothing else—to give Log Cabin Syrup the most delicate, most mellow maple flavor.

Get a can of Log Cabin at your grocer's today. Have some of this old-fashioned maple fudge tonight! The Log Cabin Products Company, St. Paul, Minnesota.

NEW UNIVERSITY HIGH SCHOOL WILL BE BUILT AT ONCE

Education Board Hears Arguments on Costs; Will Proceed With Program.

The board of education last night tentatively approved the plans for the new University High school, listened to a plea for better playground facilities at Hawthorne school, and appointed Roscoe Littlefield as one member of a board of education to decide whether or not the contractor should be penalized for the alleged non-completion of Stonehurst school.

When the elevations and working plans for the University High school were submitted to the board Architect C. W. Dickey asserted that they had met the approval of all elements concerned, except the public education advisory committee and the building committee. L. B. Magoon, chairman of the former body, promptly asked that his committee be absolved from action in this case. His plea was granted.

DIFFERENCE TOO GREAT.

"We asked to be relieved of responsibility," said Magoon. "We believe that no difference in view about the plans should be made the basis of delay. We need the school immediately. I find point of difference between the Hawthorne school, cost \$2200 in 1898, and this new school will cost about that much per classroom. We will admit that labor and materials have soared, but the difference is still too great. Part of this cost may come from sound-proof courts and study corridors. These, we believe, can be eliminated. Increased study and classroom facilities are now a paramount necessity to house the school population."

Architect Dickey replied that Technical High school, if built now, would cost about twice what University will cost, or \$450,000 without the auditorium and gymnasium.

Representatives of the Santa Fe Improvement club, in the neighborhood most vitally interested, said they were not entirely satisfied, but wanted the school.

WILL START CONSTRUCTION. It was finally decided by the board of education to adopt the plans subject to the approval of the building program committee, and start construction at once.

Dr. Minora Kibbe, representing the Hawthorne Parent-Teachers' Association, asserted that Hawthorne has an "inaccessible playground" and urged that the school department "keep its promises during the bond campaign regarding improvements at Hawthorne." The matter was referred to the advisory committee.

A communication from Marston Campbell, head of the construction department, recommended that the contractors of Stonehurst school be penalized \$50 a day for non-delivery of the school on time. Bondsman E. E. Etherington, for the contractor, said this was "unethical," and alleged that the contractor was being subjected to "personal matters between the inspector and contractor."

LEFT TO ARBITRATION. Campbell, with 23 charges of alleged hasty or inferior construction, all itemized, which were charged against the builder last month, when the contract had lapsed anyhow.

Etherington asserted that these were minor matters, nearly all straightened out.

The board finally decided to have the matter decided by an arbitration committee, and Chairman Boyle named Roscoe Littlefield as the board's member. He and the contractor will name a third party.

Superintendent of Schools Fred H. Hunt announced that the schools will be kept open Washington's Birthday, unless the board decide otherwise. It was not demanded.

CAN KEEP OPEN 200 DAYS. A statement of the financial condition of the schools at present, with the number of teachers employed, was furnished the board members by Commissioner W. H. Edwards, who prophesies that the schools will keep open the full 200 days. The communication in part follows:

"We have placed 45 additional teachers in the schools, which has increased our payroll \$90,000. The increase in cost of operation on a 200-day basis instead of 191 days, as set forth in the statement prepared by the auditor for last year, is \$139,678."

"The automatic salary increases for teachers, based on the number employed in 1920 and 1921, as set forth in the budget, amounts to \$25,638. Additional school clerks, custodians and automatic increases in salaries amount to \$21,579, making a total of \$238,856 additional revenue required to operate our schools for 200 days, without providing any additional supplies, seating equipment or other maintenance absolutely necessary to meet the increase of 191 in enrollment."

"Last year the board of education received and expended, according to the auditor's report for the year ending June 30, 1921, \$5,482,687."

"The year's expenditures expected and appropriated is \$5,629,011, or a possible increase of \$146,324 in revenue, with which amount we must meet our increased liability of \$258,856."

"By carefully budgeting our expenditures, reorganizing units and divisions of operation and through whole-hearted co-operation between members of this board, the executive staff of the department and all employees, it now seems certain that the desired result of keeping the schools open the full 200 days this year, instead of 191 days as prevailed last year, will be obtained."

REGISTERED MAIL STOLEN. ROCHESTER, Mich., Feb. 21.—Two sacks of registered mail from Detroit were stolen from the depot there today.

ACIDS IN STOMACH CAUSE INDIGESTION. Create Gas, Sourness and Pain—How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices.

The delayed stomach lining, irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try leaving aside all digestive aids and instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form) never liquid or tablet form) is the most efficient form of magnesia for stomach troubles. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advertisement.

Plenty of Water For Year, Claim City's Engineers

Drink all the water you want. Take a bath every day, if necessary. There is plenty of water for everybody in the reservoirs of the East Bay Water company, and a pleasing prospect for more in sight. This is the word of the water company's engineers who have just been out to make a survey of the fluid assets of the corporation.

Recent rains, which spoiled the autoing on Sunday and made shopping uncomfortable during the week, could have been borne with the proper spirit of resignation, for they were vitally necessary. They were not excessive and only slightly more inconvenient than should be expected at this season. They brought the season's rainfall up to normal, ending the worries of the water companies, and filled the reservoirs to a point where next summer's supply is assured.

"We are even now slightly ahead of last year with our water supply," declared the engineering department of the East Bay Water company. "We have seven billion, six hundred million gallons of water stored in San Pablo and San Leandro reservoirs, more than a year's supply. Between now and May 1st we ought, normally, to get about seven inches more rain, which will more than double our present supply."

"The amount of water stored in the reservoirs now assures against the necessity of operating any of our pumping stations, except perhaps the one at Alvarado, next summer. Some years ago we have had to run the plants at San Lorenzo, San Pablo, Pittsburg and Richmond at full capacity."

MOTHER RETAINS SONS IN CONTEST

A mother today won her fight to retain possession of her two children when Superior Judge Lincoln S. Church held that Mrs. Mabel Drisdale should be allowed to keep the two sons, aged 6 and 8, whom Carter C. Drisdale, her former husband and a Western Pacific official, attempted to wrest from her by means of charges of improper conduct.

Judge Church ruled that Drisdale had failed to substantiate his assertions that Mrs. Drisdale, since her divorce from him a year ago, had been acting improperly. One of Drisdale's accusations was that his former wife had been familiar with a man in a sailor's uniform. Mrs. Drisdale showed by the testimony of witnesses that the man in question wore a soldier's uniform, and that he was her brother.

Mrs. Drisdale was awarded custody of the two boys when she was granted an interlocutory decree from Drisdale a year ago. Judge Church today ordered that the father should have them during the summer school vacations.

After striking the man Druby stopped his machine and sent his helper, C. J. Wickham, to 2351 San Pablo avenue, to notify a policeman, who happened to be W. L. Waters, a brother-in-law of the dead man.

No charge will be placed against Druby until the inquest is held by Coroner Grant D. Miller.

ALAMEDA ROTARIANS Plan Celebration. ALAMEDA, Feb. 21.—The seventeenth anniversary of Rotary Clubs will be celebrated by Alameda Rotarians with a banquet and entertainment in the Eagles' clubhouse, Alameda avenue and Oak street, this evening. The banquet will start at 6:30. Thomas P. Bridges, past president of the Oakland Rotarians, will be the speaker of the evening. His subject will be "The Influence of Rotary Extension on World Peace."

Following the banquet a special program of dancing and specialties will be presented.

CHINESE TOURIST STANDS ALL WAY FROM PORTLAND

Persuasion Fails to Lure Cook Into Seat or Berth; To Have Mind Test.

Chee Quam Hoy, Chinese cook, is at the receiving hospital today awaiting an examination to determine his sanity, following his arrival here yesterday on the Southern Pacific Shasta Limited.

Chee Hoy boarded the train at Portland, Ore., out his hamper and grip in an overhead rack, but declined to occupy his seat. He still was standing in the aisle of the coach when the other passengers retired.

When Conductor E. A. Sprague took charge of the coach at Gerber, in the Sacramento valley, he encountered the solitary figure standing beside his undisturbed berth. Chee explained in pidgin-English, that his soul and body had been left at Portland and that the mere possession of a railroad ticket and a Pullman ticket entitled him to no consideration.

Sprague found another Chinese passenger on the train and induced him to act as an interpreter. After a brief dialogue the volunteer interpreter, explaining that Chee "was crazy" and would not "talk nonsense."

When the train arrived at Oakland Chee still was standing beside his berth and submitted to being led away by two policemen, who had been summoned by telegraph by Sprague.

Man Struck and Killed by Autoist

Victor E. Boitano was killed when he was run down by an automobile truck today at Fifty-fifth street and San Pablo avenue.

The driver of the truck, E. L. Druby, 2351 San Pablo avenue, was arrested by Police Inspectors Joe Enright and William Haldeman. No charge has been placed against him.

Boitano, according to the police report, accompanied a friend to the corner and was standing near the tracks waiting for a street car when the automobile ran into him.

With him was A. H. Grunwald, 150 Myrtle street, who had been visiting at Boitano's home, at 1055 Fifty-fifth street.

After striking the man Druby stopped his machine and sent his helper, C. J. Wickham, to 2351 San Pablo avenue, to notify a policeman, who happened to be W. L. Waters, a brother-in-law of the dead man.

No charge will be placed against Druby until the inquest is held by Coroner Grant D. Miller.

U. C. Girl Leaves for China to Attend Student Meeting

MISS LILLIE MARGARET SHERMAN, University of California graduate, who left today for student conference in China. —McCluggage photo.

Miss Lillie Sherman Will Represent U. S. Students in Y. At Peking Conclave.

BERKELEY, Feb. 21.—As representative of college women throughout the country, Miss Lillie Margaret Sherman, secretary of the University of California, Y. W. C. A., sailed today on the Taiyo Maru for Peking, where she will attend sessions of the World's Student Federation.

Miss Sherman will act as spokeswoman for student associations of the Y. W. C. A. of the entire United States. She is one of six women going from this country as representing the varied interests of college women.

The Peking conference is scheduled from March 30 to April 2 and April 4 to 9. Miss Sherman plans to be away four months.

Mrs. Ira Allen and her daughter, Miss Martha Allen, will give readings. Another feature of the program will be a negro sermon, given in costume.

Among the musical numbers will be a violin solo by Mitchell Allen, a vocal solo by W. Molt and some songs by a Fremont High school quartet. These numbers will be followed by some sleight-of-hand tricks by Gordon Oxtoby.

Statistics Say Four to One Against You

Unless you take proper precautions, the odds are four to one that you will contract Pyorrhea before or after you pass the age of forty.

Something to think about, isn't it?

There are two things you can do: play the long shot and pay the probable penalty, or set about in a sensible manner to insure your teeth.

Pyorrhea has cost many an individual his teeth and health. It starts with tender, bleeding gums. That is the danger signal you should be quick to heed.

Ignore it and Pyorrhea does its deadly work in a hurry. The gums recede, the teeth loosen and drop out or must be pulled. Pus pockets form at the roots of the teeth and disease germs swarm throughout the system.

You must not let Pyorrhea gain headway in your mouth. At the first warning, see your dentist and start using Forhan's For the Gums at once.

Forhan's For the Gums is the formula of R. J. Forhan, D. D. S. If used consistently and used in time it will prevent Pyorrhea or check its course.

Don't wait a day longer. Stop at your druggist's at once, buy a tube of Forhan's and start using it today.

Brush your teeth with Forhan's regularly. It is an excellent dentifrice and will keep your teeth and mouth in perfect health.

Four out of five wait too long. Don't be one of them. 35c and 60c at all druggists.
